THE PALACE SANDUR

28th July 1951

Dear Mr. Narayanswamy,

Sub:- Recognition of the Sandur State
Game Association.

--

Thank you for your d.o.no, F.14(8)-AE/51, dated 16th July 1951.

2. (i) I have gone through The Fort St George Gazette Notification of 12th June 1951, very carefully. I have no wish to seem critical or carping especially in view of your suggestion that this notification will meet my point. I am writing this letter as a genuine lover of Indian wild life and in the confident hope that I will not be misunderstood on this point.

(ii) The Sandur area constitutes a natural sanctuary for wild life because of its geographical insularity its hill-jungles and the fact that immediately outside it there is no cover suitable for game. I may mention that game such as Tiger and Sambhar which enter the adjacent Mysore area invariably find their way to Sandur because of better living conditions here. Especially now, with the Tungabhadra project coming on sub-merging a large tract of land, all wild life will naturally migrate into Sandur.

(iii) For over 20 years I have worked to regulate shooting in the Sandur area so as to provide maximum benefits for its wild life and also its agricultural community and the 'Sportsman' I know for a fact that in this area the only crop raider is the pig and that Sambhar do not enter cultivated area in Sandur. The problems of wild life preservation are many and complex and I have no wish to obscure the point of this letter by entering into them but I may say that agriculturists have always been provided with facilities for shooting Pigs, ^{not only} in the their fields and that the Sambhar, ^{which have been} heavily clad hill tops have ^{been} protected and were quite common ^{until} till recently it was quite a common sight to see Sambhars stopping to stare at one fearlessly while drove past on the hill top roads

(iv) I am pained to note that hunting with packs of dogs and unlicensed poaching have decimated game in Sandur and that the harmless Sambhar which has found sanctuary for over 20 years here is no longer to be commonly seen.

V) With regard to the Fort St George Gazette Notification under reference may I point out that it is fundamentally unrealistic and has no local application? The only animal that seems to have efficient protection under these rules is the wild elephant which does not need it, since it has never been known to occur anywhere within a reasonable distance of the area.

Heen

3(i) Similarly, Bison Ibex, Antelope (Black-Buck), Jungle Sheep (Muntjac) and Chital five of the six animals specifically mentioned in rule 8, just do not occur here. The four horned Antelope (an unique animal of the greatest interest to naturalists and peculiar to certain parts of India only) occurs in Sandur- it has nowhere been mentioned in the rules, Rule 5 speaks of Peafowl, Junglefowl, Spurfowl, Partridge, quail, Sandgrouse Woodcock Snipe Pigeon Duck Goose, Florican

and Crowpheasant as birds of prey; Any bird can be shot as a bird of prey, if any of these can be called one.

A | (ii) I particularly invite your attention to the fact two harmless animals which have enjoyed complete immunity and protection in the Sandur area from time immemorial can be freely shot under these rule. As you know the shrine of Sri Karthikeswar is one of the features of this areas and as you know the Peacock is sacred here on this account. But rule 5 permits the shooting of peafowl I can quote passages from well known authorities to show that during the reign of the British even, peafowl were scrupulously protected in many areas as being sacred, but refrain as I do not wish to add to the length of this letter.

(iii) The 'Ghorpad' (Varanus monitor) has also been always protected here as a sacred animal and the name of my family is derived from this animal. Any game rule for this area should specifically protect this animal.

(iv) No close season even is mentioned in these rules. (4.) Lastly I note that Rule 1 provides for exemption from obtaining licence for certain Madras Govt. officials. No members of the Ruling House has ever been required to take out a license to shoot in the Sandur area and as this is a privilege long in use prior to 15th August 1947, I trust this will be continued under the new rules, as guaranteed in the Agreement.

I trust this long but not idle letter will help to secure some real protection for the wild life of Sandur

With kind regards.

Yours sincerely,

Sd/- G.R.Ghorpade

D.O.No. 92921-C.II/51-1, dated 28-8-51 to the C.C.F.
From the C.C.F. D.O.No. 17138/51-C.1 dated 5.12.51.

The case relates to the regulation of game in the Sandur forests in the new set up due to the merger of Sandur with the Madras State, on 1-8-1949. The correspondence on pp. 1-11 c.f. may be perused.

2. While examining a proposal relating to the recognition of the "Sandur State Game Association" on the merger of Sandur with Madras, the C.C.F. stated in September 1950. that as the M.F. Act of 1882 had been extended to Sandur, recognition of the above Association by this Govt. was unnecessary. He however pointed out that to regulate the pursuit of game in the Sandur forests which have to be treated as "unreserved lands" till they are notified and constituted as "R.Fs" it would suffice to frame a set of rules under section 26(f) of the M.F. Act similar to the rules notified for unreserved lands in Coimbatore North and Kollegal Divisions and published on p. 93 of the M.F. Manual, Vol. I. The C.C.'s suggestion above was accepted by the Govt. and he was asked to submit draft rules. They were received, examined, approved and published in the F.S.G.G. dated 12-6-51.

3. With his D.O. on p. 1 c.f., Sri S. Narayanaswamy Govt. of India, Ministry of State has forwarded a copy of a D.O. sent to him by the Raja of Sandur, for examination and suitable action. The matter was referred to the C.C.F. for remarks. The C.C.F. has submitted draft amendments to the rules published in the F.S.G.G. dated 12-6-51, which he considers will meet the objections raised by the Raja of Sandur in his D.O. on pp. 3-5 c.f.

For orders whether the draft amendments proposed by the C.C.F. (on p. 11 c.f.) will be approved for publication.

TO A.S.

Please see the notes at PP1-4 ante. The rules to regulate shooting etc in the Pansara Reserved and Unreserved lands situated within the Sub-Taluk of Sandur in Bellary Forest Division were published at PP375-377 of the Rules Supplement to Part I of the Fort. St. George Gazette d 12-6-51. The Rules of Sandur in a d.o. d 18-7-51 addressed to the Ministry of States, pointed out that the rules issued by this Govt. (published in the F.S.G. d 12-6-51) do not give adequate protection to Sandur, Pansara etc. The Govt. of India forwarded a copy of the Rajah's letter for ^{suitable} necessary action. The C.C.F. who has been consulted in the matter submitted draft amendments to the rules, which he considered will meet the objections raised by the Rajah. The draft amendments submitted by the C.C.F. have been examined, approved and published in the Fort. St. George Gazette d 19-2-52 and 23-4-52. The C.C.F. may be informed that the draft amendments submitted with his d.o. at P.A.C.S. have been published in the F.S.G. 9. and the papers may be recorded. Subject to orders a draft order is submitted for approval. A copy of the order will be sent to the Govt. of India for information. No reply from the Govt. of India seems necessary. ^{now} Favours.
